## Silver Dollar In Mexico.

Now Shut Up About Your Cheap Money.

Iowa Man, By Affidavit, Settles That Mexican Silver Example  
OWN UP LIKE MEN.

Special to the Chicago Record from Des Moines.—J. H. Kennedy, a former resident of Iowa, has attacked the statements so generally made regarding Mexico and silver, by making the following affidavit before E. H. English, a notary public at Valley Junction.

"I, James H. Kennedy, now a resident of the town of Sinaloa, Mexico, do solemnly swear that I am an American by birth; that I served three years in the Seventh Iowa during the late civil war; that I have always been a Republican; that I have resided in Mexico for twenty-five years; that I speak the Spanish language as well or better than I now do the English. I have traveled through twenty-four of the twenty-seven States in Mexico in an official capacity and as interpreter for numerous syndicates. I have had access to almost all the archives of that country. I am better acquainted with the customs and usages of that country than I am of my mother country. I left Mexico on the second day of March, 1896, coming to this country to visit my friends, relatives and old comrades. During the last month in Iowa I have heard more absurd and utterly false statements made in regard to Mexico than I ever thought could be conjured up by mortal man; all to deceive the voter.

"One most heard, that you can take one American silver dollar into Mexico and get two Mexican silver dollars for it, or that you can get a fifty cent piece and throw down an American dollar and they will give you back in change a Mexican dollar. I brand this utterly false in every respect, a lie manufactured out of whole cloth. I assert that a Mexican will not accept an American dollar, either gold, silver or paper, for any amount, but will refer you to a broker, where you can sell your silver dollars as bullion for Mexican money, then they will trade with you. The largest hotel in the City of Mexico will not accept American money under any circumstances, but will invariably refer you to a broker.

"By paying the mintage any one can take silver bullion to either of the mints in Mexico and get Mexican silver dollars for it; and for twenty years silver bullion has never fluctuated up or down to exceed two cents.

"I hear it asserted that the national debt is payable in gold. I brand that as utterly false. Every dollar of the debt, \$146,000,000, is and always has been payable in the lawful money of that country, and we are now paying our debts in Mexican silver dollars, the money of our contract.

"I assert that Mexico in the present decade is making strides of advancement greater than any other nation on earth. Twenty-five years ago we had eighty miles of railroad; now we have nearly 8,000 miles of railroad. We are building factories on every hand. Twenty-eight years ago, when the French army was driven out, the Mexican government was left penniless, not a dollar in the Treasury. We can now pay our entire national debt

any day a demand would be made for it.

"I am now on my way to Mexico to spend the rest of my life. Any one can find me by addressing a letter to James H. Kennedy, Sinaloa, Mexico. "In conclusion I invite an honest and thorough investigation into the facts of my statements and I defy successful contradiction. I am not the owner of mining stock, and no personal interest has caused me to make this statement, but I have given it by request of an old comrade.

"JAMES H. KENNEDY."

## WHAT'S THE MATTER

WITH MCKINLEY?—HIS OWN LANGUAGE CONVICTS HIM

Why McKinley Keeps Silent.

The reason of McKinley's silence is not far to seek. He dare not face the following facts:

First—McKinley voted to suspend the rules and pass a free silver bill in 1887.

Second—In 1878 he voted for the Bland Silver Dollar Bill and supported it, and did much to accomplish its passage against the veto of President Hayes.

Third—In 1888, when chairman of the Platform Committee of the Republican National Convention, he reported resolutions denouncing the Democratic Administration in its efforts to demonstrate silver.

Fourth—In 1890, when leader of the House, he advocated the passage of the Sherman Silver purchase law and declared: "I want the double standard."—Catholic Herald.

If Major McKinley was sincere, if he was the people's friend he would not wait at home to receive a few callers from the money aristocracy. He would show himself in earnest, an

### Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate, and contains no whiskey nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents and \$1 per bottle at W. S. Lloyd's drugstore.

### Gray Hair Made Dark.

I saw in your paper a statement that Zulu Vuller would restore any head of hair to its natural color in three weeks. As I was very gray I sent for a sample package, and in less than three weeks my hair was perfectly restored to its natural color. My wife's hair was a light red, and by using Zulu Vuller, her hair is now a beautiful auburn. Any one can get a sample package of Zulu Vuller by sending 21 two-cent stamps to Wilson & Co., New Concord, O., and if it does not restore the hair to natural color in three weeks they will return your stamps; it not only restores the hair to its natural color, but will stop the hair falling out immediately and is one of the best hair tonics made, and you take no risk, and if it does not satisfy you perfectly they will return your stamps. Down With Rowdism.

There has been considerable disturbance of public speakers in various sections of the country recently.

We do not excuse or justify men of any political party for disturbing a speaker of a different party, who, by appointment, comes into any community to discuss the issues of this campaign.

No Democrat is compelled to hear a Republican speak. A Republican can choose between going to or staying away from a Democratic speaking.

No man ought to make a public nuisance of himself by disturbing a speaker. If he is not pleased with what is being said, let him either keep still as a gentleman should, or leave the assembly.

Why should a few or several thoughtless or ill-bred men bring reproach upon a community and injury to a cause by resorting to such shameful conduct as occurred recently in Hampton, Ky., and at New Haven, Conn., where students of Yale College looted down Mr. Bryan? Let Democrats stay away from speaking by gold standard advocates if such speakers cannot be treated courteously. If Democrats are speaking, Republicans and others should show that they are gentlemen.

The Hon. Boyd Winchester, of Louisville, spoke at the Opera House Saturday afternoon to less than one hundred people, including Democratic, third party and Republicans. Mr. Winchester is one of the most eloquent and forceful speakers of his cause, and the few who went to hear him is evidence of the feebleness of the party he represents in this county. That this county is largely for the Democratic ticket, Bryan, Sewall and Chicago platform, there can be no doubt. The voters have diligently studied the money question, their minds are made up, and they are now as they will vote in November. The Republicans and single standard representatives are working night and day, and they will do well if they are able to hold their present count.

In the course of Mr. Winchester's remarks he said: "Our party will not support Bryan and Sewall, they can not support McKinley, and hence the necessity for the nomination of the Palmer and Buckner ticket."

The political situation in the Ashland and Tenth Congressional district has very materially changed during the past week by the announcement of Judge George Denny, Jr., and I. H. Webb, colored, of Versailles, as Republican candidates for Congress. Recently it seemed that there would be no Republican candidate; that the Republicans would vote for Breckinridge with the expectation that gold-Democrats would support McKinley. We are disappointed to think that such a course would please the gold-Democrats. The statement is made that there are 13,000 Republican voters in that district, of whom 7,000 are negroes.

Of course the silver men will be pleased with the changed condition, as a gold man, white or black, will not have so good a chance to be elected; at any rate Mr. Breckinridge will have an opportunity to stay at home, where he belongs.

Will Gold Democrats, will Republicans, will any self-respecting man, who loves his country, approve the following words of John R. Fellows, who at Lexington said:

"I am opposed to the Chicago platform; I am a Democrat and desire to remain so, because it is absolute treason to advocate those Populist doctrines adopted at Chicago. The man who advocates such ideas as were put forth there is unworthy to exercise his rights as an American citizen."

Acting Secretary McAdoo received a cablegram from Secretary Herbert at New York, in answer to a message respecting bids for building the three battleships which were opened Tuesday. The Secretary authorized McAdoo to proceed to make awards and the ships will go, one to Cramp & Sons, of Philadelphia, at \$2,550,000; one to the Newport News Shipbuilding and Dry Dock Company, Virginia, at \$2,550,000; one to the Union Iron Works, at San Francisco, at \$2,574,500 as recommended by the Board of Bureau Chiefs.

Gen. Harrison has asked the Republican National Committee to make no appointments for him to speak. Literary work and law practice prevent him speaking. He will make one speech in Indiana.

Nerves will surely be strong and steady if the blood is rich, red and vigorous. Public Speaking.

Hon. William G. Ramsey, Democratic elector for the Ninth District, will address the voters of the Aaron's Run product in behalf of Bryan, Sewall and Fitzpatrick at Shiloh, Thursday, October 1, 1896, at 3 o'clock p. m. Mr. Ramsey is one of the ablest and most eloquent advocates of binetism in Kentucky. He should be given a large crowd. All who fail to hear him will miss a treat.

Resides Mr. Ramsey, Hon. M. S. Tyler, B. F. Day, A. A. Hazelrigg, H. R. Kinsolving, C. P. Chenant and James P. Cassidy will be present and make addresses. It will be a regular old Democratic love feast.

The attention of our readers is directed to the announcement elsewhere of the cloak opening and display to be held at the dry goods house of Grubb & Hazelrigg in this city on Saturday, October 10. It is the custom of this house every fall to have a representative of one of the largest cloak manufacturers in New York come with a full and complete line of the season's styles in wraps, and display them for sale in their house. This firm is to be commended for their enterprise along this line. They thus afford our people an opportunity for supplying themselves from a stock as large and as varied as can be found in any city retail store; and all too right here at our doors without the cost of a trip to the city. Everything in this display will be of top-notch style, fit, material, make and finish. Don't be misled by those who say that this will be a mere show-up of the season. Don't neglect it.

Rev. C. J. Nugent preached his farewell sermon to the congregation of the M. E. church Sunday morning, on the subject of "Love." Mr. Nugent gave his hearers an excellent sermon. Mr. Nugent and family will leave this week for his new appointment at Covington, and Rev. J. M. Mitchell, of Covington, the newly appointed pastor, will be here in time to preach Sunday morning and evening. It is with sadness that we say goodbye to Mr. Nugent and his excellent family. May they have a pleasant field and may the good Lord bless them in their work. To Rev. Mitchell and his family we extend a hearty welcome, and wish for him the hearty co-operation of all good people. Of him Mr. Nugent says: "He is the most active man in the Conference, young or old, and a fine preacher."

Mr. W. H. Wilson has sold his interest in the Commercial Hotel to Mr. W. H. H. Johnson of Paris, who has leased the Hotel from Messrs. Tyler and Apperson for a period of years. The building will undergo repairs, a system of electric bells and tiling floor will be put in and every other addition to make it a first class hotel building in every respect. Mr. Johnson is a practical hotel man having been in the business for the past twenty-eight years. Up to 1890 he was proprietor of the Johnson House at Millersburg and from that time to May of the present year he was proprietor of the Windsor (Bourban House) at Paris. Mr. Johnson has been a success at the places named and will, we have no doubt, be a success and add to the reputation of the Commercial. Mr. Wilson is undecided as to his future and we are in hopes he will continue to do business here. He is an excellent gentleman a first class business man, who has our best wishes.

Novel Treatment.

A novel treatment with satisfactory results has been resorted to by physicians at the Good Samaritan Hospital, Cincinnati. The patient to whom the treatment has been applied is Mrs. Z. T. Young, of Morehead. The Equivocal of Saturday in speaking of the patient and case says:

"Previous to her removal to the hospital she had been treated at home and had become bedridden with sore and could not endure the slightest touch or lie on the softest bed. The hospital physicians located the ball by means of the X rays and extracted it. Then they were harassed somewhat by the new complaint of Mrs. Young, who could not lie down. They decided to resort to what is known as the bed of water. The bath tub was filled up for her as a bed. A band of linen upon which was placed a pillow of down, formed her head rest, while the rest of her body with the exception of another linen band at her feet supported her altogether. In this position she ate and slept, while the stream of tempered water flows into the tub and out constantly.

"The case is a remarkable one, and has attracted the attention of all the local physicians, although the treatment is by no means a new one.

"Mrs. Young's father, Mr. Gatewood is with her, and is well pleased with the success of the treatment adopted. "Last night Mrs. Young's condition was reported as good, and she will shortly be able to leave for her home."

A Wife Equal to A Gold Mine.

Will some of your readers give me a good receipt for making cold starch? I am selling self-heating flat irons and iron a little at every house and have to use some starch at every place and want to know how to make good cold starch. My husband was in debt and being unable to help him thought I would sell self-heating flat irons, and I am doing splendidly. A cow's worth of fuel will heat the iron 3 hours, so you have a perfectly even heat. You can iron in half the time and no danger of scorching the clothes as with the old iron, and you can get the most beautiful gloss. I sell at nearly every house, as the iron saves so much fuel everybody wants one. I make \$1.50 on each iron and have not sold less than ten any day I worked. My brother is doing well and I think any one can make lots of money selling irons. J. F. Casey & Co., St. Louis, Mo., will start any one in the business as they did me if you will address them. Healthy, happy children make better men and women of us all. A little care and a little planning before birth is often more important than anything that can be done after. On the mother's health and strength depend the life and future of the child. A weak mother is a child's enemy. A healthy mother is a child's friend. Most of the sickness of women is utterly inexcusable. Proper care and proper medicine will cure almost any disorder of the feminine organism. Dr. Pierce's Favorite Remedy has been tested in thirty years of practice. It is healing, soothing and strengthening. It is perfectly natural in its operation and effect. By its use thousands of weak women have been made strong and healthy—have been made mothers of strong and healthy children. Taken during gestation, it makes childbirth easy and painless and insures the well being of both mother and child. Send 21 cents in our-out stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

Mr. Boslan, proprietor of the Sharpsburg Flour Mills, has made a good hit for his customers in the purchase of a large quantity of last year's best crop of wheat. He is now making it into flour, and his customers are getting the very best production for the same money as that made of new wheat.

The Hon. Thomas Turner, of this city, will speak at the Peyton school house tomorrow evening at 7 o'clock. A cordial invitation is extended to everybody, regardless of party affiliation, to hear him. Col. Turner is an interesting speaker, and everybody interested in the future welfare of his country should hear him.

I don't see why every farmer should not have a wind mill, when they can make it themselves for less than \$10. Any one can get diagrams and complete directions for making the wind mill by sending 18 two-cent stamps to postage order, to E. D. ### OPEN LETTER To General Simon Bolivar Buckner.

DEAR GENERAL:—The undersigned old soldiers of a lost cause, and voters of Bath County, Ky., have felt a justifiable pride in your political career in the past, and some of us had hoped to see you elected to a seat in the United States Senate or any other position to which you might have aspired.

Your firm and manly execution of the duties devolving upon you while Governor of Kentucky, caused us to gladly proclaim that you were the right man in the right place and that you had made us one of the best governors that ever ruled over our great State. In fact we were proud of our old comrade.

You have lately been nominated to the Vice Presidency on a platform wholly at variance with the views of Jefferson, Jackson, Hamilton and other leaders and patriarchs of the Democratic party, inasmuch as it denounces the doctrine of States Rights and true binationalism and erroneously declares "a single gold standard to be the long-established principle of our policy," and "creates national banks and other heresies, and while it condemns Albigionism and Tiltmanism (whatever they may be or represent) I entirely shut as to Breckinridgeism, in fact, that man in your State convention for delegate-at-large received 105 more votes than our beloved ex-Governor, and nearly three times as many votes as our peerless Col. J. N. Northrup, whose public and private character, as well as your own, is without stain. Now, in view of these facts and the further fact that your running mate who heads the ticket, Gen. John M. Palmer, died, in 1862, while in the full pride and pomp of military power, in Kentucky, issue an order dis-franchising not only you and us, but also depriving our fathers, brothers and friends, who, through affection and friendship, gave us food, clothes when we were hungry and naked, of the right to vote or go near the polls on election days under penalty of arrest and trial by military authority, notwithstanding many of them were strong Union men, and this order being enforced by soldiers at the polls in times of profound peace, and months after our arms were surrendered, caused in our county the defeat of Hon. D. B. Lacy, for the Legislature and the defeat of the present Secretary of the Treasury, John G. Carlisle, for the State Senate from the county of Kenton, and the defeat of Col. J. Smith Hurt for Congress in this district, and many others that we do not now recall, and our legislature declaring that no legal election had been held in these counties, remanded the contests back to the counties which resulted in the election, by the people, of all those who were defeated by your leader's order backed by soldiers at the polls.

We, for these reasons, decline to aid you in either your present inordinate desire for office or in your inextinguishable and selfish attempt to de-

feat the regularly selected champions of the people's cause, and we believe that when you were "tied up into the mountain" at Indianapolis, and "tempted of the devil," you should have said: "Get thee hence, Satan!"

Wishing you full protection to your property, and success when in a better cause, we remain yours, in remembrance of the past,

### Louisville Tobacco Market.

Sales on our market for the week just closed amount to 2679 hhds, with receipts for the same period 1403 hhds. Sales on our market since January 1, amount to 132,456 hhds. Sales of the crop of 1895 on our market to this date amount to 127,675 hhds.

There have been a few hhds. of fine burley sold on our market this week and the highest prices of the season have been realized, \$20 having been paid for two hhds., and quite a number of hhds. sold from \$16 to \$26. The coldest sorts of all grades continue to bring satisfactory prices. Good and medium red leaf when it is in a sweet condition is doing fairly well, but the common non-descript sorts of off color and out of condition are lower than they have been for a number of years.

The following quotations fairly represent our market for burley tobacco 1896 crop.  
Trash. (Dark or damaged tobacco) \$1.00 to \$1.50.  
Common colory trash, \$2.00 to \$3.50.  
Medium to good colory trash, \$3.50 to \$5.00.

Medium to good colory lugs, \$6.00 to \$8.00.  
Common to medium leaf \$5.00 to \$7.00.  
Medium to good leaf, \$7.00 to \$12.  
Good to fine leaf, \$12 to \$15.  
Select wraperry leaf, \$15 to \$26.00.  
The above quotations are not applicable to green and fire-dried crops.

### G. A. R. Reunion at Preston.

We are informed that under the auspices of the Owingsville G. A. R. Post there was a great gathering of people of different political faiths, at Preston on last Thursday, Friday and Saturday. The entertainment was really a G. A. R. reunion. The attendance on the first day was very small. On the second afternoon Miss Margaret Ingles, of Paris, who is now attracting so much attention as a free silver advocate, addressed a great crowd estimated by some at 2,000 to 2,500. She spoke for about one hour. Gentlemen who were present say she is a fine speaker who knows what she is talking about. Women political speakers are scarce in Kentucky, and no doubt the novelty attracted many. Speeches were also made by Judge Goodpaster and Wallace Gudegall, of Owingsville, and a Mr. Babcock, of Penn. Excellent music was furnished by the White Sulphur band. Mr. J. S. Scott was present and had the best time of his life.
